January 22, 2018

Important change to EIA reporting

Dear Laboratory Client,

In an effort to keep Equine Infectious Anemia testing fees affordable, we will be changing the method we use to report results. Beginning February 1, 2018 we will no longer be mailing original paper copies to veterinarians or owners. All Coggins test results and invoices will be emailed or faxed after testing has been completed. If you prefer an original paper copy and it is indicated on the submission form, we will continue to provide this option, but a $10 accession fee will apply. Please let me know if you have any questions or concerns.

Sincerely,

Brett T. Webb, DVM, PhD, DACVP
Director, Veterinary Diagnostic Laboratory
