

UPS Shipping Program

The NDSU-VDL has partnered with UPS to offer clients affordable, easy to use, reliable shipping options to ensure your samples reach our laboratory as quickly as possible. Our new program allows you to print your own labels – no more waiting for labels to be mailed to you! There is also improved package tracking and notification of receipt at the laboratory.

Your shipment includes free UPS pickup at your location. Pickup can be scheduled online after you print your label. You can also give the package to any UPS driver or drop off at a UPS store.

UPS ground shipping is available for \$7 for packages weighing less than 30 pounds. UPS Next Day Air shipping is \$15 for packages weighing less than 10 pounds. Your NDSU-VDL account will be billed monthly for your shipments. Any shipments over the weight limits will incur an additional charge.

Flat rates for ground and next day air shipments are available to our clients in the continental United States. See the attached map for UPS Ground transit times to Fargo.

If you have used our UPS shipping program in the past, your clinic information will populate when you enter your phone number, otherwise fill in the required fields. If you have any questions, please feel free to call us!

Visit [our custom UPS site](#) to start your shipment!
